OUR HISTORY

Our story starts back in 1958 when Sven Turesson opened his metal hanger factory in Gnosjö, Småland in Sweden. A few years later, the Austrian entrepreneur Franz Karner opened his plastic hanger factory in Lidköping, Sweden. It was many years before the parallel success of the two entrepreneurs would come together to form Instore Agency.

In the three decades following their creation, the two companies supplied hangers to the Nordic market with great success, thanks to the two men's emphasis on quality and service. Both factories are progressive, and in 1973 Karner began recycling the plastic from used Super 8 cassettes.

"We've gone from being a mere supplier to a partner that contributes with creative and tailor-made solutions for its customers."

- 1993:** The Karner Group is bought by American Batts Inc. Just six years later, Batts is bought by A&E Product.
- 2004:** The Italian company Mainetti joins our journey, when it establishes a joint sales company with Turessons. In 2006 Mainetti strengthens its position further by buying A&E. Here the paths of Karner and Turessons meet for the first time.
- 2007:** Mainetti merges Turessons with Karner to form our current management structure and the business Nordic Hangers. Today we are the exclusive licence partner for Mainetti in the Nordic- and Baltic markets. We also broaden our range and start supplying environmentally friendly reusable bags in non-woven materials.
- 2009:** We buy Danish company Lise Bøjler, which then becomes Nordic Hangers ApS. The year after, we take over the production facilities of Europak in Poland, which then becomes Nordic Hangers Sp.Z.O.O.
- 2011:** To streamline our production and improve working conditions, we decommission the existing factory in Poland and open a new one.
- 2013:** Sees the creation of Nordic Bags to clarify our serious intentions to develop our bags and gift packaging product lines.
- 2015:** In order to supply an even wider range, Nordic Hangers ApS begins to supply world-class mannequins and now, also, shop fittings.

Of course, much more has gone on over the years than we can mention here. Our product range has expanded – not only do we now have the world's biggest range of hangers, we also supply everything from receipt rolls and gift packaging to mannequins.

Perhaps the biggest change is a gradual one that has brought us to where we are today – we've gone from being a mere supplier to being a partner that contributes with creative and tailor-made solutions for its customers. To make this connection even clearer, in 2016 we conducted an extensive brand review which involved a change of name to Instore Agency. Despite our new name and specialisations, the legacies of Sven Turesson and Franz Karner live on. We still have our factory in Lidköping and still accord the same level of importance to service and quality that made Sven and Franz so successful.

WE CARRY YOUR BRAND

Instore Agency makes things simple. You deal with all your static store exposure. We deal with the exposure you get from movable items. You have a brand, advertising concept, and store interior. We have hangers, bags, gift packaging, mannequins, and everything else that can be moved both within and outside of your store. We're in a class of our own. We do much more than just sell products. In us you get a creative partner that can come up with suggestions and innovative solutions to take your store to the next level. This is something we've done since the 1950s. And it's something we love.
